The Foundation of Truth and Sincerity

A rare glimpse of
Mahatma Gandhiji laying
the foundation stone at
Canara Institution

“He was a man, take him all in all, I shall not look upon his like again”. An institution grows in the shadow of the founder. It was on 19th November 1852, a legend christened Ammembal Subba Rao Pai was born at Mulky near Mangaluru. This star went ahead and created a universe of its own which emanates radiance in the form of talented individuals and shall continue to emanate this radiance for time immemorial.

As a boy, Subba Rao was known to be mischievous, mediocre in studies, fond of play, a ringleader among the boys. But he was deeply respectful towards his elders and his esteem for his father amounted to reverence.

A lawyer and a banker by profession, an educationist and social reformer by temperament, he was the foremost among the pre-independence luminaries who shaped the future of Dakshina Kannada District and of the GSB Community. His concern for social uplift gave birth in 1891 of the Canara High School, Mangaluru, the century old precursor to the conglomeration of Canara Educational Institutions of today; while his spirit of enterprise gave birth to yet another national institution, the Canara Bank, in 1906.

Sri Subba Rao's versatility was not confined to the legal profession alone. Along with his professional work in the mornings, the evenings were devoted to social work. He kept himself fully informed about the fast changing world. His zeal and love for mankind touched life at all points. He was deeply saddened at the lethargy of the people towards education, and realized that there was no future for the people without widespread general and higher education in professional and technical courses. Because of his enormous efforts, our young men were seen holding high offices both in the Engineering and Medical services at then.

The seeds sown by our founder more than a century ago have grown into huge tree providing shelter to the society in terms of education, employment opportunities and financial support; thus contributing to the welfare, prosperity and progress of the society. A visionary far ahead of His times and life, Ammembal Subba Rao departed to the heavenly abode on 25th July, 1909. Though he shrugged off his mortal remains, he became a living soul and his philanthropic zeal continues to touch the lives of innumerable folks even today....!

“Education must strive not to make a living; but to make a righteous life.!”

From the Heart of the Head...

"The capacity to learn is a gift;
the ability to learn is a skill;
willingness to learn is a choice!"

The Genesis

Our History and Origin

30th June 1891, is a golden letter day in the history of Canara, because it was on this auspicious day that the seed of "CANARA", a great Educational Institution was sown by that great legendary soul, Sri Ammembal Subba Rao Pai who along with four visionaries accomplished this noble task in the form of Canara High School. With a view to encouraging the education of girls, he started the Canara Girls' High School, indeed a revolutionary step considering the then prevalent values and attitude of the people towards girl's education at that time. This initiative was backed by measuring out a fistful of day's rice, set apart by ladies of the area. The proceedings of the same were used for the noble cause of education. This was called as "Mushti" (Fistful) Fund.

The decision to venture Canara College was in response to the growing demand for collegiate education at then from the old students and well-wishers of the Canara High School Association, and a general need to have an institution of higher learning which could impart the qualitative education at an affordable cost in Mangaluru. The encouraging support of the philanthropic public of Mangaluru soon resulted in the establishment of Canara College. The foundation stone of the College building was laid on 12th July 1972 by Dr. A. P. Pai, Senior Life Member of the College Committee. The College is indebted to its past President, the Late U. Gopalkrishna Nayak, who was instrumental in the edifice of the new buildings for the three High Schools, Junior College and the present First Grade College as well. The College building was declared open on the 04th of July 1973, by Mr. Holck Larsen, the then Chairman and Managing Director of Larsen & Toubro Ltd.

Our Milestones

Milestones are significant events in the lifetime of every institution be it in terms of achievements or the number of years of existence. The Canara Group of Educational Institutions today with its fourteen institutions imparts education from Pre-Kindergarten (Pre-KG) to Post Graduation (PG) studies. As we progressively march ahead in this noble vision, we are glad to remark that Canara College is a name to reckon within the district of Dakshina Kannada as Canarites walk with heads held high and feet grounded firm on the sands of knowledge. Like a tree that depends on continuous supply of life from earth, the Institution has been sustained by its proud alumni associates, generation after generation and of course, by Divine grace.

The College Crest

To place before you the aims of your education in this temple of learning and the heights to which you must aspire and grow, you have the crest of the Institution.

The vision of our Pioneers was to provide complete education which would integrate the ancient Indian ethos with modern, scientific and technological forefront.

The Vedic Mantra "Vidya Kamadugha" meaning "Vidya is a Kamadhenu", which gives you whatever you desire was a crystallization of this ideal. This indeed led to the embracing of the recumbent Kamadhenu as pictured in the Puranas as the crest of the Institution. The Kamadhenu rests under the Kalpataru with all the signia of royalty like the crown, the elephant, and the umbrella as depicted in the tree. Its four legs symbolize the four Vedas, and it treats the four Purusharthas. Also seen in the crest is the citation from the Upanishad as uttered by the Guru to the departing shishya "Satyam Vada Dharmam Chara." This instruction from the Guru provides a rule of conduct that even today cannot be improved upon.

We hope your life measure up to the expectation of our crest and motto.

"When educating the minds of our youth, we must not forget to educate their hearts!"

Our Vision

"To be an Institute of the highest repute and produce good educated citizens who shall strive and cater to the needs of mankind."

Our Mission

"We firmly believe in instilling life-long learning experience that enables a potential knowledge seeker to lead a righteous life by inculcating faith in divinity, infusing love for knowledge, thriving strength of mind, devoted to serve mankind, striving to self-control which are core to one's holistic transformation."

"We affirm to create and sustain a learning environment which is value-centered, intellectually challenging, aesthetically inspiring and culturally vibrant."

Our Motto

Where there is education there is progress and upliftment. It is not necessary to take up severe penance in order to attain knowledge, but is enough if one performs his duties with utmost righteousness and dedication to God. With a motto of "Educating for Righteous Life", every student who passes through the portals of this temple of learning must aspire to be the life-long learners with a blend of moral conduct so that it can enable them to win highest knowledge and thus lead a righteous life.
