## Principal's Message

Dear Stakeholders,

Warm Greetings from CANARA!

A desire can change nothing, a decision can change something but a determination can change everything. Challenges, competition and the fear of failure are quite natural, but success embraces those who face these with the can-do attitude.

Quality Assurance happens to be a continuous process and perennial pursuit of high quality is the hallmark of progressive educational institutions. Moreover, instilling and institutionalizing quality culture plays a decisive role in the sustainability of quality assurance activities. Besides, it is also the strong foundation for all endeavors of every Higher Education Institution, including teaching, learning research, and serving the community.

It is indeed elating to note that yet another Volume of our IQAC Newsletter “KAMADHENU” (Volume 6, Issue 1) is getting released. Each issue of this newsletter is a proud milestone of our commitment to quality assurance, testimony to the events that marks our growth, unleashes our imaginations and measures our professionalism.

While the year 2020 will certainly be remembered for its devastating and unprecedented impacts around the world due to the ongoing COVID-19 pandemic, it was gratifying that every member of the campus community was actively involved in gearing-up with the much required preparations for the ensuing Fourth Cycle of NAAC Assessment and Accreditation.

As we continue in the quality journey, let us all strive a bit more and go beyond our comfort zone to achieve higher peaks. I end on a note of hope for a better tomorrow for all of us. I wish all will continue to work enthusiastically for achieving high standards of our Institute and make quality a hallmark of excellence.

I applaud the contributors for the inputs contributed by them. Commendable job has also been done by the IQAC and Documentation Committee in crafting this Newsletter. My congratulations and appreciations to the entire team for taking up the responsibility of the arduous task most effectively. I am hopeful that this Newsletter shall not only develop the taste for reading among our stakeholders but also develop a sense belonging to the institution as well.

Yours in CANARA,

**Dr. Premalatha V.**

## *IQAC Coordinators Message*

Dear Stakeholders,

Season's Greetings!

It is with great pride and a deep sense of contentment that we place before you the VI Volume, Issue I of our IQAC Newsletter "KAMADHENU – A Reflection of Our Commitment to Quality Assurance".

The launch of every issue of the IQAC Newsletter marks a new step in its vision to channelize the efforts of facilitating internalization and institutionalization of quality enhancement initiatives and endeavors of the Institution towards academic excellence.

With novel lessons that this ongoing pandemic has taught to all of us, let's be optimistic, renew our vigor and continue to be even more focused and determined to achieve the goals we have set so that we can fix an even higher benchmark for ourselves, and thereby, collaborate to bring a new dawn of glory to our institute.

While we channelize our collective efforts towards continuous progress, we must strive to create, strengthen and sustain a quality culture, taking into account quality assurance processes, academic ethos and mutual trust of stakeholders engaged in the process.

As we reminisce our Annual Theme "Together We Can and We Will", it has certainly been the driving spirit for all of us in synergizing our efforts towards the preparations for the Fourth Cycle NAAC Assessment and Accreditation process which will be due in the year 2021. The Institution is thus hopeful of marching progressively in the journey of quality.

By doing so we become more than the sum of our parts. There is strength in togetherness. It focuses on to work together to leap forward toward a shared vision and common goal.

There has been a long history of humankind that those who learned to collaborate and improvise most effectively have managed to prevail. Create, Co-create, Collaborate, Cooperate and Consensus is what will take us forward towards our mission. Together we can achieve our plans and make a difference in this ever changing world striving to accomplish with a real purpose. Let us do what is necessary, do what is possible and prove that together we can achieve even more of the impossible. Let us reinforce to whilst creating footprints for others to follow.

It is very true the way a team plays as a whole determines its success. Further, if we want to go fast, we shall go alone. But if we want to go far, then we all must go together. Success is therefore best when it is shared.

We shall make our best efforts to reflect the true spirit of the proposed theme “Together we can and we will” in all our ensuing endeavors through collaborating and synergistic experiences...”
